MISSION, CORE VALUES, AND CORE PURPOSE

MISSION
AID Atlanta’s mission is to reduce new HIV infections and improve the quality of life of its members and the community by breaking barriers and building community.

CORE VALUES

COMPASSION
We affirm the dignity and worth of every person through our thoughts, actions, governance, and service with the same kindness that we want to receive.

RESPECT
We celebrate diversity and individuality. We speak words and demonstrate actions that bring honor and pride to ourselves, our organization, and our community.

SERVICE EXCELLENCE
We believe that everyone deserves excellent customer service and quality healthcare. We make every effort to attend to our members’ needs and improve their health outcomes.

INTEGRITY
We strive to be honest, ethical, and fair in everything we do. We fulfill our commitments, hold each other accountable, lead by example, and concentrate on doing the right thing every time.
We affirm the dignity and worth of every person....
Dear Friend of AID Atlanta:

Every year as I review this report, I am struck by how much has been accomplished. Often when we are ‘in the trenches’ we forget to marvel at all that we are doing. I can proudly report that AID Atlanta is solid, stable, and growing.

First and foremost, I am most proud of the growth that we show year over year, and year after year in caring for People living with HIV/AIDS. We have seen a 16% increase in the number of patients served in our Health Care Centers, and a 17% increase in the number of patients returning for care within 6-months. Primary Health Care, when combined with our pharmacy and supportive services like case management and housing all work collaboratively to achieve that 82% of our clients are virally suppressed—an increase of nearly 5%!

Next, I am proud of our Wellness Center Team who facilitated nearly 15,000 HIV Tests and over 22,500 tests for sexually transmitted infections, an increase of 15% and 41% respectively.

Programmatically, I am proud that through the support of the private sector we have been able to bring back the Women’s Support Program renamed Sister’s With a Voice (SWAV). The program offers support, peer-to-peer interaction, inspirational speakers, family-based programming, and workshops to all women, regardless of HIV status.

And, I am proud that AIDS Walk Atlanta and Music Festival produced a great event that raised over 1 million dollars for AID Atlanta and the nine other participating organizations.

All these accomplishments are only made possible because of the great team that makes up AID Atlanta. From the Board of Director and Atlanta Board, to our leadership team and exceptional staff, to private sector funders large and small who partner with us. AID Atlanta is only able to continue meeting its mission because of the investment of time, resources and talent from all sectors. AID Atlanta is solid, stable, and growing because of this great team, and on behalf of the clients we serve, I want to thank you for being a part of that team.

Warmly,

Nicole Roebuck, MSW
Executive Director
We celebrate diversity and individuality....

AID Atlanta, Inc. began as a grassroots organization by a handful of friends who, in response to the national HIV/AIDS epidemic first reported in New York and San Francisco, went into action educating gay men in the Greater Atlanta area about prevention and assisting with accessing medical care. More than three decades later, AID Atlanta, Inc. is a nonprofit 501(c) (3) public organization in the Deep South that still performs these life-saving medical care, pharmaceutical, and prevention services in Greater Atlanta, Georgia area. We educate others and speak frankly about HIV and STIs. Every dollar donated to AID Atlanta stays in Georgia to fund our programs and services.

THE MISSION OF AID ATLANTA IS TO REDUCE NEW HIV Infections and improve the quality of life of its clients and the community by breaking barriers and building community. This mission is accomplished through direct client services, a primary health care clinic, and HIV prevention education. Our mission is further shown through HIV testing and prevention services including outreach to heavily burdened communities in a manner that is meaningful and impactful to the communities being targeted.
PROGRAMS AND SERVICES

AID Atlanta provides direct support for people living with HIV/AIDS in the 30 counties of the Greater Atlanta Area and surrounding rural counties in Georgia by assisting them with accessing resources such as housing and rental support, linkage to medical care and behavioral health, and other essential support services.

AID Atlanta provides primary medical care for individuals living with HIV in two locations. Additionally through our affiliation with the AIDS Healthcare Foundation, we also have AHF pharmacies co-located in our health care centers. The main location, which is in Midtown Atlanta, Georgia is the primary location frequented by the target population who access HIV prevention services such as HIV testing and linkage to medical care. The second location in the City of Newnan, in Coweta County, Georgia and serves 12 counties in the LaGrange Public Health District 4 including Butts, Carroll, Coweta, Fayette, Heard, Henry, Lamar, Meriwether, Pike, Spalding, Troup, and Upson.

AID Atlanta provides medical case management services to clients at the Midtown Atlanta and Newnan locations, including a variety of other community and medical facilities which affords clients access to social service support at the same location where medical services are provided.

In addition, AID Atlanta offers comprehensive HIV prevention education programs designed to reduce the number of new HIV infections through free and anonymous HIV Counseling Testing and Referral Services, STD Testing and Treatment Clinic, the Georgia AIDS and STD Infoline, and AIDS 101 Action and Awareness Seminars.

PROGRAMS AND SERVICES INCLUDE

- Primary Care Clinic
- STI Testing & Treatment
- PrEP Clinic
- Medical Case Management
- Medication Assistance
- On-Site Pharmacy
- Housing Services
- Behavioral Health
- Self-Management
- Education & Outreach Programs

AID ATLANTA COMMUNITY SUPPORT

The support of our generous friends – the government, institutions (including corporations, concerned civic organizations, faith-based, and community groups) and individuals, —is vital for the continuation of programs and services to meet AID Atlanta’s mission. Every financial contribution made, and hour volunteered has been critical in helping AID Atlanta to transform lives every day.

NINETY CENTS of every dollar raised goes directly to programs & services.

There are several ways to support us, including:
The LOOP Giving Society  Corporate & Matching Gifts
Honors & Memorial Gifts  Fundraising Events
Recurring Monthly Gifts  In-Kind Donations
AmazonSmile
Kroger Community Rewards (Kroger.com/Community Rewards)

THE FOUNDERS SOCIETY

In 2008, AID Atlanta inaugurated its Founders Society, which recognizes those supporters who have contributed $50,000 or more to the organization, over their lifetime. This exclusive group of generous donors embodies the spirit of philanthropy at its best and represent the highest level of commitment to those living with HIV/AIDS in Greater Atlanta.

..everyone deserves excellent customer service and quality healthcare.

Even though HIV prevention and medical care access for all continues to improve nationally, many southern states remain impacted by health disparities due to lack of health insurance for all its citizens. Georgia is one of the states that elected not to expand Medicaid as part of the Affordable Care Act implementation. As a result of that action, a large number of Georgians remain without access to healthcare.

According to the Ryan White Planning Council in Atlanta, there are an estimated 20,000 individuals living with HIV who are not accessing primary HIV medical care. Many of those who are not in care need support, direction, and guidance to get connected to medical and prevention services. The same can be said for high risk HIV negative persons who are often underemployed, undereducated, and lack basic essentials for a healthy quality of life. These factors lead to infrequent or non-existent use of primary health care services, increased sexual risk-taking behaviors, and diminished self-value, all of which increases the chances of acquiring or transmitting HIV unknowingly. AID Atlanta has always been a grass-roots, community-based, organization. From the five friends that co-founded the organization providing up-to-date information and community outreach to the 85 professional staff members providing direct medical and pharmaceutical care, supportive services, and prevention education, we thank those who do the tough work every day.
AID Atlanta’s professional leadership is made up of a select group of individuals from a variety of backgrounds, bound by shared interest in providing services, educating, and advocating on behalf of people living with, and at-risk for, HIV/AIDS

**INTEGRITY**

We strive to be honest, ethical, and fair in everything we do.
The Board of Directors is responsible for policy and strategic governance related to agency finances and programs. The Atlanta Board has deep roots and connection in the Greater Atlanta area. Both boards are comprised of professionals in medicine, law, marketing, development, education, and HIV/AIDS services. Nearly all have been personally impacted by HIV/AIDS, and volunteer to help AIDS Atlanta.
